

Serializable

SPQ.data.User

```
graph BT; SPQ.data.User --> Serializable
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box labeled 'SPQ.data.User'. At the top is a white rectangular box labeled 'Serializable'. Three dark blue curved arrows originate from the top edge of the 'SPQ.data.User' box and point upwards to the bottom edge of the 'Serializable' box, indicating that 'SPQ.data.User' inherits from 'Serializable'.
